

Midvale Hub

We are here to assist children and families to grow, learn and thrive.

For more than 30 years, our Hub team has helped children and families in our local community to develop well and to gain skills for success at school and in life.

Together we can improve the health and wellbeing, education and care of your family. The Midvale Hub offers a variety of programs and services to support families to nurture happy, healthy children.

Whatever your needs are, our Hub team can link you with an appropriate program or service. Many of them free of charge for families.

Other Hub Services available

Adult Education: At Midvale Hub we are committed to life-long learning. We provide a range of playgroups and parenting programs for all parents and caregivers. Adult education opportunities are also on offer for you to develop skills and upgrade educational qualifications.

Child Care: 3 and 4 year old Kindy Programs, Before and After School Care, Family Day Care, and Vacation Care options available.

Health Services: Free health and medical services are available at Midvale, Middle Swan and Clayton View. We have fully equipped medical clinics and a range of health professionals provide services throughout the week (ask for a current timetable at Reception).

Family Support: We are here to support you in your parenting journey, let us know if you have a need and if we cannot assist directly we can link you to a local service that can help.

Visit our Child and Parent Centre – Swan APP for a current timetable of our range of Family Services and Parenting Programs

Child Care

Clayton View

We Provide a Home Away from Home

Our modern, community designed centre provides very young children with a balance of stimulating and comforting learning opportunities.

We Facilitate Play and Learning Inside and Outside

The inside environment is warm and welcoming with an array of materials and resources for play and early learning opportunities.

The outdoor environment is at the heart of the centre. It is a safe and colourful space which provides a range of outdoor experiences to stimulate the senses and develop strong healthy bodies.

Our Curriculum - *Belonging, Being and Becoming*

Throughout the cycle of the year a rich educational program supports the child's emerging sense of self and develops a sense of belonging to place, to the child care centre, to the community and as a citizen of the world.

Child Care

At Clayton View we specialise in the nurture and care of babies, toddlers and preschool children. Our dedicated team of qualified Early Childhood Educators are trained to meet the specific developmental needs of very young children.

Midvale Hub child care services have been rated and assessed as Exceeding National Quality Standard, so you can be confident that your child will receive high quality care and early learning opportunities.

We Work in Partnership with You

Families are integral to the child care centre. Our Educators will work closely with you to ensure that your child's growth and development is nurtured. Together we will plan a rich early learning program for your child, focussing on their development and interests. A partnership approach ensures that experiences at child care and at home work in harmony to help your child thrive.

All Early Years' programs are underpinned by educational theory and contemporary research and follow the Early Years Learning Framework - *Belonging, Being and Becoming*, which is part of the National Quality Framework for Early Education and Care Services.

Parent and Family Involvement

Parents, caregivers and family members are all welcome at the child care centre and we encourage active involvement in the day to day program of activities and learning experiences. Additionally, special events and celebrations are wonderful opportunities for family members to be involved.
